Women's and Girls directly supported through our women empowerment project "UDDAN" across the Maharashtra state

TOWARDS A HEALTHY INITIATIVES

Maharashtra state is rich in its social and cultural heritage. In the last census, population wise Maharashtra was the third largest state in the country. A fact which is hard to digest in view of vigorous population control measures implemented in the past. The state has also accepted the strategy of implementing reproductive health and child health programme. The programme places a challenges to the health infrastructure since the components include comprehensive health care for all age group. The issues like adolescent health, age at marriage, prenatal sex determination, sex education, unwanted pregnancy, womens empowerment, HIV / Aids need to seriously addressed.

The key to all these issues is quality of care. The organsation is improving the images of the health services by providing free health services. The organsaction working hard to provide free health serves to needy peoples who cant offered cost of basic health checkup

It is in this context that the Trusts are committed towards enabling access to quality primary healthcare by strengthening health systems in state The mission is to provide free quality health care services to state by 2021, by strengthening healthcare delivery capabilities, leveraging partnerships, synthesizing new technologies and innovations. Through various on ground initiatives like training healthcare workers, and building capacity of community representatives, we are working towards bringing a sustainable change in the country's healthcare delivery system.

HEALTH CARE FOR ALL

KEY PROJECT UNDER HEALTH :

AROGYA (FREE HEALTH CAMPS)

ABOUT PROJECT

The weak health outcomes can only be the result of a poor performance of the primary healthcare service and the fact that the Government is working to improve the situation does not mean that vulnerable people have to wait to get access to medical assistance. Indeed, as it is not possible to ameliorate the health system in one day, we consider that it is our job, as an NGO that cares for people's well being, to provide some medical assistance to the needy, minimizing the consequences and pending the system to get better. Therefore, we want to contribute to the improvement of the situation by organizing medical camps every month in rural areas.

ACHIEVEMENTS HIGHLIGHTS

- Collected 200+ donors blood through blood donation camp
- Distributed 1000+ specs in health camps

OBJECTIVE

The main role of intervention prevention. In fact, we could not be sure that the medical camp took the precise moment when the beneficiary was ill and could ever recover. Therefore, medical camps were the preventive motivated for people to avoid diseases and to provide them with awareness of what they had done, in addition to that, many children's, senior citizens were attended camps and special focus was on them so that they can create awareness about healthcare, which was very important because they will overcome the next generations, they have the potential to improve future health and participate in the sustainability of healthy people.

TYPES OF CAMP ORGANISED

41%
SENIOR CITIZENS
GET BENEFITTED
ACROSS THE ALL HEALTH CAMP

NUTRITION PROGRAM

The prevalence of malnourished children in India is among the highest in the world, with dire consequences for mobility, mortality, productivity and economic growth. In our focus area of Maharashtra, We providing nutrition supplement for children in underprivileged, children's, schools and ashram schools with the support of Indiabulls Foundation initiatives

Paushtik Aahar is made of indigenous cereals, pulses and grains. It is a complete ready-to-use mix that does not require any cooking whatsoever. This nutrition improves an individual's immune system considerably thus helps preventing and combating malnutrition. This year more than 4000 packets distributed to underprivileged children, pregnant ladies, lactating mother's etc.. All these individuals belong to socially and economically backward families. This includes tribal, slum, abandoned/street children

1,200

women's in tribal area includes pregnant ladies, lactating mother's etc. get benefitted from Paushtik Aahar in Thane, Palghar, Raigad districts

TOWARDS A EDUCATION INITIATIVES

Education is one of the most powerful instruments for reducing poverty and inequality in a nation. A few basic education programmes have expanded access to schools in India; however, near universalisation of elementary education has increased the diversity of learners in classrooms without corresponding investment and support to teachers, resulting in a number of challenges in ensuring quality education to all children.

The Trusts' work through Regional Initiatives addresses educational needs in around 7 cities and 1 state as a part of multi-thematic interventions to enhance quality of education. Educational needs from pre-schools to high-schools are addressed in a gradual manner by working with children, teachers & parents along with strengthening systems and ensuring community participation. In geographies where the trusts are engaged in multi-projects in order to impact the quality of learning life in a comprehensive manner.

Education Initiatives focus on addressing some of the key projects and areas where we focus on development of education sector. These include Just for Kids, Music Basti, Build Maya & Digital literacy program.

EDUCATION FOR ALL

KEY PROJECT UNDER EDUCATION :

LITTLE'S WORLD - PRE-PRIMARY SCHOOL

With a vision to impart high quality pre-primary academic education through chain of new era of fun school for toddlers. Pragatee Foundation has completed 7 years with low cost education initiatives compare to today's expensive child education

A child spends at a nursery and pre-school, are some of the few most impressionable years of his life. The right environment and support can help build a happy future for the children. We at little's world playgroup & nursery school know that parents are rightfully concerned about the type and manner of education provided and are interested in the total development of their children.

DIGITAL TRANSFORMATION

KEY PROJECT UNDER EDUCATION: DIGITAL LITERACY MISSION

ABOUT PROJECT

The Digital Literacy Mission is a dynamic and integrated platform of digital literacy awareness; education and capacity program that will help rural communities fully participate in the global digital economy. Our focus is on making technology central to enabling change. Making one person in every family digitally literate is one of the integral components of the Prime Minister vision of “Digital India”.

IMPACT STUDY

One of the objectives of the ‘NDLM’ program was to determine the challenges, opportunities and recommendations for scaling such programs and share it with CSR partners and the government alike in the form of an impact study. This impact study aims to provide inputs to any stakeholder who aims to execute programs for accelerating digital literacy at the grass roots. Following is the broad analysis of the challenges, opportunities, outcomes, and recommendations

OPPORTUNITY

While there was a set of common challenges in locations, it was noticed that post training several common opportunity trends were identified on the basis of how citizens wanted to leverage the power of technology. Like, Employment, Social Empowerment, Improving IT Education & Increasing

PROJECT OUTCOME

- Beneficiary has gain comprehension of using discrete devices like Smartphone, tablets and has been develop a fundamental knowledge about a governance services. This will facilitate them with the easy access to technology.
- Candidate passing the exam will get participation certificate from sponsors and implements partners. They have been awarded with digital Saksharta Abhiyan Certificate Certificates.
- Being IT literate, candidates has able to access all the technologies that will make their daily tasks easy.
- Promoted entrepreneurship and employability change in approach among youth, including young women.
- Candidate will get the opportunity to avail the benefits of various e-governance services, which otherwise is not possible for them.
- Contributed in the quality education landscape from manual to digital and encouraged locals to bring new paradigm shift in learning.

LOCATIONWISE IMPACT

The impact of DLM centers in Dharavi situated in Mumbai suburban city and another in Katraj situated in Pune city. Both locations has been overwhelming and show a very diverse ways of positive result on digital literacy.

TRAINING METHOD

- Mobilisation
- Program Training
- Online Assessment
- Digital Certification
- Case Study / Feedback

VOLUNTEER SUPPORT

In program, delivery also involved volunteers of various college for run social activity. The volunteers supports for this project was tremendous.

- Post NDLM, it was found that 95% learners in Dharavi & Katraj gained knowledge of Google, 43% learners gained knowledge of Facebook and 84% learners gained knowledge of emails.
- NDLM provided girls and women in to exposure to computers and Internet for self-advantage and growth, and its potential to address needs or problems in their own lives and communities.
- Digital literacy helped learners in Dharavi community to gain maximum knowledge of computer operation, internet, social networking, email, e-governance and digital payment.

Type of Beneficiaries

PROJECT IMPACTED

1460

beneficiaries successfully completed DLM program training on two training centres

72%

beneficiaries started to use net-banking, digital payments, mobile banking without fear with getting proper knowledge in training

47%

beneficiaries started to take experiences of online shopping after getting E-commerce training of Program

93%

Beneficiaries take advantage of Social media for their personal and business use after getting DLM training

ENABLING LEADERSHIP

KEY PROJECT UNDER EDUCATION: JUST FOR KICKS

ABOUT PROJECT

The Just For Kicks' flagship curriculum is used by coaches to hone critical life skills, technical skills, and fitness for all children through yearly training sessions. As part of the program, Just For Kicks conducts an annual pan India football league for all its partner schools, with the aim of providing them exposure to sport and competition

WITH VISION

By 2025, one million school going children will play the beautiful game of football, developing life skills to succeed socially and professionally, while accessing a career in the game.

WITH MISSION

With the simple idea, 'Everyone Plays', Just For Kicks runs school intervention programs geared towards teaching children invaluable life skills (self awareness, collaboration, critical thinking and decision making), building their fitness levels and developing their football skills. Through this journey, JFK is able to unearth some of the brightest talents in the country, recruit alumni as coaches and open avenues for youth to enrol in sports education degrees.

PHASE 1

2018-19 saw the end of 'Phase 1' i.e. program development where the goal has been to develop a robust core program that can replicated in urban as well as rural areas

AT 90, Coach STRENGTH GREW by 300% in TWO YEARS

**36%
TEAM
GROWTH**

At an organizational level, an 'Impact and Evaluation' vertical was set up to track the growth in both the children and the coaches, to make better data-driven decisions.

JFK LEAGUE

The JFK league 2018 was played for longer duration of 4 months (from November to February) across all sites, giving the players more matches to learn from and perform in National leagues

EVERYONE PLAYS

Children's benefited though patient aid program, scholarship program, women empowerment from the raigad, thane, mumbai, pune and nagpur

WOMEN EMPOWERMENT

This is right time to work for empowerment of women and increases their moral. Looking at the current strata of the socially and economically disadvantaged women there is lack of awareness and facility in the field of health, hygiene and education. Our Key focus are :

Education : Education in the field of skill oriented areas is prime objective of this program. The specific tailor made programmes for the skill development of socially disadvantaged groups

Employment : employment or self employment increases strengthen women economically. To institute training methods on the job, so that needy persons may be enabled to both earn and learn.

Empowerment : Empower women and enhance their capacities through education and training so that they can contribute to the process of sustainable development

HIGHLIGHTS ON ACHIVEMENTS

450+

Women's directly supported through our women empowerment project "UDDAN" across the Maharashtra state

400+

women's digitally literate though National Digital Literacy Program and they started digital various digital activates in there business and employment.

120

Women's benefited though skill training program, like beauty parlour , tailoring, handy craft courses from the raigad, thane & mumbai.

200+

Women's participated in various women empowerment social activates. These activites help them to become self dependent.

CORPORATE PARTNERS

Pragatee Foundation has positioned to work in partnership with following Corporate entities under Corporate Social Responsibility, to address the leadership program by modern India children in terms of building leadership and focus on skill training programs which can only be resolved when the state, civil society, schools, individuals and corporates join hands, and work collaboratively.

INSTITUTIONAL PARTNERS

The Institutional Partnerships unit serves to drive donor interest towards Pragatee Foundation focus on working for the childrens, womens. This is done through active engagement across education, health and response with connected and interested donors. Proposals to seek funds from multi-lateral donors, Foundations, Trusts, local donors are then made and submitted for support and collaboration.
